PRODUCT EXPERIENCE AND CASE COMPETITIONS

Book My Mentor (Top 9 Nationally)

July 2026

- Conducted customer discovery with 20+ learners to identify unmet mentorship pain points. efficiency.
- Prioritized opportunities using the RICE framework and developed GTM recommendations.
- Performed competitive benchmarking and defined activation, completion and placement metrics.

Pharmaceutical Market Attractiveness Framework (PMAF)

July 2026

- Led the end-to-end implementation of PMAF by discovering, cleaning and integrating 5 public healthcare datasets.
- Engineered 53 normalized features and developed a weighted district scoring model covering 700+ Indian districts.
- Built an interactive Streamlit dashboard with district rankings, explorer and CSV export for market prioritization.

LeetForces — Promptathon 2026 (Rank 1)

July 2026

- Conceptualized LeetForces, an AI-native macropad for competitive programmers to reduce context switching between LeetCode and Codeforces.
 - Designed high-fidelity product prototypes through structured prompt engineering, covering product visuals, workflow and technical feasibility.
 - Won Rank 1 nationally for product innovation, design quality and real-world feasibility.
-

PROJECTS

ISM Pulse

- Built a centralized campus platform featuring Confessions and Marketplace using HTML, CSS, JS and Firebase.
- Designed information architecture and navigation to improve discoverability of campus resources.

DAY-1NE

- Built a student productivity platform with Focus Sessions, Study Planner, CGPA Calculator and Deadline Countdown.
- Developed dual deployments using Streamlit and Netlify while defining product scope and user flows.

FramedEchoes — Photography Brand

- Founded and manage a photography brand showcasing premium visual storytelling, branding and portfolio design.

SKILLS

Languages: Python • SQL • C • C++ • HTML • CSS • MATLAB

Tools: Git • GitHub • Streamlit • Firebase • Figma • Canva • VS Code • Netlify • ChatGPT • Claude

Product: Customer Discovery • User Research • Competitive Analysis • RICE • GTM

• Product Roadmapping • Wireframing

EDUCATION

B.Tech Chemical Engineering

JULY 2025-2029(expected)

- IIT (ISM) Dhanbad
- CGPA: 8.81/10
